Charge Promises Violated

Claimed Russia is Re-arming Eastern Germany in Its Warmongering

Powerful Western radio transmitters today beamed to the world charges that Russia is rearming Eastern Germany in violation of solemn promises.

This is a counter-propaganda stroke by the West in the cold war, designed to offset the Russian-staged Communist youth demonstration in Berlin next Sunday.

The strategy was decided on by the big three western foreign ministers at their recent London conference. The western radio programs broadcast over Europe and into the Soviet block told of the simultaneous protests to Moscow yesterday by Britain, the United States and France that Russia is drilling a 50,000 man army-type police force in Eastern Germany.

Thus the west brought a war-mongering charge against the Russians at a time when Communist youth are about to stage their monstrous "peace offensive" in Berlin.

Invasion Impends

Other highlights in the world picture:

China—Hong Kong dispatches said Nationalist Chinese are rushing reinforcements to the embattled defenders of the Wanhsien Islands (Ladrones). A second Communist invasion attempt was said to be imminent on this nationalist blockade base. The first Red assault ten days ago was repulsed.

Formosa—On learning that Washington has decided to continue Marshall plan aid for his island bastion, Generalissimo Chiang-Kaishek said at Taipei: "Formosa is now impregnable. We can no longer be defeated by the enemy."

France—Marshall plan experts have announced a new European payments union for swapping currency and easing trade barriers goes into effect July 1. It is hailed as the biggest step toward post-war free trade in Western Europe and just what the American economic doctors ordered.

Scotland—Seven persons were killed and 43 injured in Glasgow today when a speeding trolley crashed into an overturned double-decker bus.

Britain—Foreign Secretary Ernest Bevin will undergo a second operation for hemorrhoids next Tuesday. The ailing cabinet minister interrupted hospital treatment May 4 to attend the big three foreign ministers conference in London.

United Nations—At Montevideo, Uruguay, a U.N. subcommission last night approved a code of ethics for newsmen. The code calls on journalists to be factually accurate and objective. It will be submitted for approval by the U.N. economic and social council.

South Africa—The government has launched a production project to extract uranium from previously wasted by-products in the gold industry. This secret uranium scheme might keep the west supreme in production of atomic energy, South African authorities said.

Container Must Be Approved

Property owners desiring the city to haul their garbage away, are required to have an approved container in their back yard, or where ever the city trucks pick up the garbage.

The sanitation department is asking the cooperation of every Sedalia resident, who uses a garbage pail, to use an approved container. This request is being made mainly for the sanitary protection of the community. It has been indicated by the sanitation department, that in various places over town, garbage is being dumped in all sorts of pails, without being properly covered.

It was also pointed out that garbage cans and bottles could be thrown in the pails, but bricks, ashes, and other debris is not supposed to be placed in the pails.

Garbage will not be picked up by the city trucks unless it is placed in an approved container, which is one of metal with a capacity of not less than five gallons and not more than 20 gallons, with tight fitting cover, with strong handles, and shall be water tight.

To Abolish Death Penalty VIENNA, May 24—(P)—Parliament voted today to abolish the death penalty in Austria.

Search For Quake Victims

Civilians and soldiers probe ruins in Cusco, Peru, searching for persons injured or killed in the violent earthquake which destroyed most of the city. At least 50 bodies were dug from the rubble in the first few hours after the quake.

Secret and Public Report By Acheson

To Have Question And Answer Session With Congressmen

By Francis J. Kelly

WASHINGTON, May 24—(P)—Secretary of State Acheson is going to deliver a public report May 31 on the London cold war strategy talks, then pull down the blinds for a secret question-and-answer session with congressmen.

Only the 433 present members of the house and the 96 senators are eligible for the second or buttoned-up phase of the discussions. A total hardly more than half again as large as the population of Hinsdale County, Colo. (1940 census).

Expect Extensive Leakage

The lawmakers, cynically accustomed to Washington's porous walls, anticipated extensive leakage from the confidential conference.

"You fellows will have it within an hour," Chairman Connally (D-Tex) of the senate foreign relations committee predicted to reporters.

Senator Smith (R-N.J.), a member of the same committee, said any off-the-record remarks by the Secretary of State probably won't stay that way long.

Acheson is known to be eager not only to bolster a bi-partisan foreign policy, but to improve his personal relations with congress.

His proposed hush-hush huddle with the lawmakers is considered a move in that direction.

Returning by Ship

The Secretary of State is returning by ship from England, where he conferred with his British and French counterparts and later with the foreign ministers of all the nations joined for common defense under the Atlantic pact. He is to report to President Truman on Monday, the 29th, then appear before congress two days later, in the congressional library.

Mayor Buys First Poppy

The first Memorial Poppy was purchased by Mayor Herb Stuver to start the Poppy sale which will be held in the downtown section of town Saturday by volunteer workers of the American Legion Auxiliary. Jury Called on Major Crimes

COLUMBIA, Mo., May 24—(P)—A special Boone county grand jury was charged by Judge W. M. Dunwiddie today to investigate a series of "shocking crimes" which have been committed in the county. Judge Dunwiddie did not name cases, but he told the jury that it had not been called to investigate minor crimes.

Rape and murder, the judge said, should be subjects of its investigation.

Miss Janell Christman, 14-year-old baby sitter was raped and murdered here March 18, and her assailant has not been apprehended. There have been other rapes and attempted rapes in recent months.

Four Point' Program is Under Attack

Action on Foreign Aid Bill Delayed By GOP Senators

WASHINGTON, May 24—(P)—Republican senators attacked President Truman's "point four" program today as the opening wedge for a permanent system of U. S. economic aid to nations all over the world.

They contended that the plan is so broad that help could even be given to Russia and other Communist countries.

The attack delayed final congressional action on a \$3,120,550,000 foreign aid bill. The measure includes \$55,000,000 for the point four plan to assist "economically undeveloped areas."

Senator Malone (R-Nev.) told the senate the President's program is intended to take up where the European recovery program leaves off, but without any limit on time or funds.

Senator Taft of Ohio, GOP policy leader, argued that the wording "economically undeveloped areas" meant that aid could be given to "practically every country in the world."

Malone agreed, saying that under the wording of the bill American funds could be used to develop Russia.

"Or any of the Communists," chimed in Taft.

Chairman Connally (D-Tex) of the senate foreign relations committee said yesterday their certainly was no desire or intention to help Communist nations through the program.

But Taft insisted that aid would be "wide open to all countries," in contrast with the limited objective of the Marshall plan of assisting Western European nations to recover economically and resist Communism.

Republican Floor Leader Wheeler also hit at the point four proposal.

Holdup at the Elms Hotel

EXCELSIOR SPRINGS, Mo., May 24—(P)—The Elms Hotel was held up and robbed of \$275 here early today by two armed men.

William Moss, night patrol officer, said the robbery occurred about 2:45 a.m. He said the night clerk reported that two men armed with .32 caliber revolvers entered the hotel through the ballroom, held him up and bound him with cord before taking the money from the hotel's cash register.

The clerk was released by a night watchman about 15 minutes after the robbery, the police said.

The men were described by the police as being about 5 feet 9 inches tall, weighing 150 to 160 pounds and wearing blue striped overalls. They wore brown leather hats and had blackened their faces.

Music will be provided by Mrs. C. D. Demand, accompanied by Mrs. Herbert Shepherd at the piano. The Rev. Roy Bowers will give the invocation.

Sinclair Retires at \$37,080 Pension

NEW YORK, May 24—(P)—Harry F. Sinclair, who founded the Sinclair Oil Co. in 1916, today was named honorary chairman and returned on a pension estimated at \$37,080 a year.

Sinclair has been chief executive of the oil company since its start. Last January he resigned the presidency of the company and was elected chairman of the board of directors. He resigned the chairmanship when elected honorary chairman.

Creation of New Board Of Maritime

Shakeup in The Reorganization by President Truman

WASHINGTON, May 24—(P)—

President Truman today created a new Federal Maritime Board and named Maj. Gen. Philip B. Fleming to be Undersecretary of Commerce for Transportation.

The President also picked three

chairmen of Federal Commissions,

including his old friend, Mon C. Wallgren, to head the Federal Power Commission, Wallgren, former governor of Washington, succeeds Nelson Lee Smith.

Acting under powers bestowed in federal reorganization plans which took effect today, Mr. Truman also: Named former Senator James M. Mead, New York Democrat, to be chairman of the Federal Trade Commission and designated Harry A. McDonald to be chairman of the Securities and Exchange commission.

Head, former Senate colleague of the President, replaces Lowell Mason, a Republican who has been acting chairman of the FTC.

McDonald has been serving as

head of the SEC, through the election of fellow members of the commission.

Three Member Board

The reorganization shakeup produced a temporary three-member Federal Maritime Board to replace the 14-year-old Maritime Commission which was abolished today. The new board will serve for up to 90 days pending appointment of permanent members. It is made up of:

John T. Koehler, now assistant secretary of the Navy, who will be acting chairman.

South Trimble, Jr., now chairman of the Commerce department's advisory board on the inland Water Ways Corp.

Rear Adm. Paul L. Mater, retired, the liquidator of war assets. Left without jobs were four members of the old five-man commission. The chairman, Gen. Fleming, stepped into new prominence as policy coordinator of all government transportation activities with the title of under secretary of commerce.

Malone agreed, saying that under the wording of the bill American funds could be used to develop Russia.

"Or any of the Communists," chimed in Taft.

Chairman Connally (D-Tex) of the senate foreign relations committee said yesterday their certainly was no desire or intention to help Communist nations through the program.

But Taft insisted that aid would be "wide open to all countries," in contrast with the limited objective of the Marshall plan of assisting Western European nations to recover economically and resist Communism.

Republican Floor Leader Wheeler also hit at the point four proposal.

Minister Lions Guest Speaker

Rev. Strader in Talk on 'The Light of Liberty'

"The Light of Liberty" was the subject on which Rev. Val B. Strader, pastor of the Methodist church at Versailles, spoke to the Lions club at their noonday meeting today.

Rev. Strader in his talk made reference to the diplomatic services of our citizens in "selling the American form of liberty to those who are in the shadows of Communism."

In his talk he explained in reference to the citizens he means were citizens of this country who are employed in foreign countries and come in contact with the people of those countries. They should endeavor to impress upon them the freedoms enjoyed by our people in the United States.

Rev. Strader also made reference to the placing of more control of our local governmental

and such in the hands of the people in the grass roots. And the country should return to more states rights instead of having so many decisions made in Washington.

The speaker was introduced by Virgil Ragan, program chairman. Guests today were Bill Pohl, St. Louis of Harold Seaberg and Col. A. W. Sweet of Dr. F. I. Lawrence.

A. W. Haller, president, presided over the meeting.

General Motors Expects Next Five Years to be 'Fat' Ones

NEW YORK, May 24—(P)—General Motors is making a billion-dollar bet that the next five years will be fat ones. It will probably ask you, its customer, to put up a sizeable part of the money.

One billion dollars is what the big auto concern will put out extra to workers in the next five years under the conditions of the contract announced yesterday. But there are certain "ifs" attached to that.

On that premise, GM may believe that \$1 is a reasonable price to pay for labor peace in a highly competitive market. Observers note that Walter Reuther, the auto union chief, took occasion

to blast again at Chrysler as still being under the "delusion that some miracle it can get rid of the union."

With the union playing footsie with GM and apparently still resentful of Chrysler, the GM position of being relatively strike-free may be a strong competitive factor. However, Chrysler has just reported its greatest produc-

tive week in history, as it recovers from the long strike. There will be just that many more cars on the market to compete with GM and Ford the summer buying season.

So that the five-year contract is no absolute guarantee of five years of labor-management peace in GM's overall operations, as some quarters are prone to hail it.

Anticipate High Income

However, it is probably a well-calculated bet on GM's part. The auto giant apparently is counting months to come.

McGrath Says 'Commies' Known

WASHINGTON, May 24—(P)—Attorney General McGrath says the Communists of the country are known to the FBI and other federal law enforcement agencies and "we know of none in the government today."

If one is found in government employment, he will be swiftly dismissed, McGrath told the fifth conference on citizenship last night.

Community News from

Mrs. Add Johnson

The Clifton City Extension club met in an all day session at the home of Mrs. George Grose the past Wednesday with thirteen members, three visitors and four children present. Following the noon luncheon, the president, Mrs. J. J. Potter called the meeting to order, by singing the club song, "A Song of Peace," led by the song leader. Roll call was answered by each giving their middle name. The Extension club letter was read by Mrs. Paul Young. The club discussed plans of how to raise money to be used for funds when called on to aid in drives, such as the Red Cross, polio, cancer and various other organizational campaigns. A letter was read by the present from Mrs. Alice Ames who is directing the Salvation Army work in Cooper county and was asking for a contribution. This work was already underway in Clifton City and boxes for contributions have been placed in the William Todd store, the C. J. Reuter filling station and the post office where anyone wishing to help may contribute. Two young ladies were chosen from

the intermediate Sunday school of the Methodist church: Miss Betty Gardner and Miss Beverly Todd to canvas Clifton City by making house to house calls and the club voted to enter the contribution, not for the club alone, but from

the community as a whole.

Texas Congressman Combs
Fights the Capital
Gains Tax Reduction

By Drew Pearson

WASHINGTON, May 24 — Tall, scholarly
congressman J. M. "Judge" Combs of Texas
seldom opens his mouth unless he has something
to say. He had plenty to say behind closed
doors the other day when the Ways and Means
committee voted a big reduction in the capital-
gains tax on upper-bracket taxpayers — and it
wasn't music to his colleagues' ears.

Combs bluntly charged the committee with
handing out millions in tax relief to Wall Street
stock traders and others who make "quick
profits on turnover transactions."

"You are unfairly discriminating against
more than 60,000,000 low and moderate taxpay-
ers who derive their income from salaries, wages
and ordinary business income," the Texan chided
his colleagues. "It has always been my
understanding that taxes should be easiest on
those least able to bear them, but you are hand-
ing out a lot of relief here to people who can
best afford taxes."

Combs angrily pointed out that the people
the committee had "put on relief" by reducing
the capital-gains tax from 25 to 16 per cent
were individuals with annual incomes of \$15,000
or more and married couples with joint incomes
of \$30,000 or more.

Rep. Walter Lynch, Democrat of New York,
and Robert W. Kean, Republican of New Jersey,
were mowed down by the Texan when they
argued that the capital-gains cut would stim-
ulate investments and thus business.

"Don't kid yourself that this will stimulate
business and encourage sound investment,"
lashed back Combs. "All it will do is foster
a quicker turnover of securities by those who
speculate on the stock market."

NOTE — Congressman Combs is the man who
had the courage and perseverance to run against
ex-congressman Martin Dies of the un-American
can Activities committee and defeat him.

Ike's Political Party
It is well known that General Eisenhower is
the secret choice of certain high-placed Repub-
licans to be the GOP candidate in 1952. Such
backers as Tom Watson of International Business
Machines are definitely grooming him.

However, it appears that Eisenhower—who,
as a youngster in Abilene, Kansas, registered as
a Democrat — has long wanted his political
affiliation kept secret.

Neighbors of General Eisenhower tell how he
and his wife went to vote in a little tearoom
near Columbia university last year. As Mrs. Eisenhauer started to register, she was asked if
she wanted to sign the usual registration blank
enrolling her in one of the political parties. Mrs. Eisenhauer started to accept the blank, but the
general stopped her.

"Why can't I state my party preference?"
Mrs. Eisenhauer asked, "since I am voting for
one party?"

"I just don't think it is wise," Eisenhower
protested. "I wish you wouldn't do it."

Mrs. Eisenhauer said she didn't understand.
The general smiled and said: "You will in
time."

Frank Senator
It isn't often that a senator will argue openly
against government economy. No matter
what he may think personally, he knows that
government economy is a big vote getter. How-
ever, Big Ed Johnson, Colorado Democrat, sol-
emnly warned the other day against too much
economizing at the expense of Democratic principles.

"We do not establish governments to save
dollars; we establish governments so that the
people may govern," Big Ed told his Senate
colleagues.

"The planners say that if big business was run
like government, it would be bankrupt over-
night," continued the senator from Colorado.
"Now that is a pretty plausible argument and
every uninformed person in the country over swal-
lows it and repeats it. Well-meaning propa-
ganda groups throughout the country play that
tune. I concede, in fact, that our government
is more wasteful and more inefficient than a
streamlined dictatorship, and that its operating
efficiency does not look good when placed along
side that of a smooth-working, private Ameri-
can business organization.

"But is that what we are striving for?" boomed
Johnson. "Are we forgetting that we are
trying to maintain a democratic system of
representative government here in America? All
of us, I am sure, would have no hesitation in
choosing between a highly efficient administra-
tion by a dictator in a totalitarian state and a
less efficient administration under the checks
and balances of democracy."

The American businessman and the Ameri-
can worker must understand the kind of cake
that is hidden under the pretty frosting," Johnson
warned.

But as the cameras clicked, they switched on

President's whistle-stop speeches.

"But is that what we are striving for?" boomed
Johnson. "Are we forgetting that we are
trying to maintain a democratic system of
representative government here in America? All
of us, I am sure, would have no hesitation in
choosing between a highly efficient administra-
tion by a dictator in a totalitarian state and a
less efficient administration under the checks
and balances of democracy."

Wrong Radio
Mrs. Frances Bolton, the wealthy congress-
woman from Ohio, served "midnight breakfast"
in honor of Senator Taft after his radio broad-
cast replying to President Truman's whistle-
stop speeches.

Before Taft went on the air, Mrs. Bolton
herded her prominent Republican guests around
the radio for a publicity picture. The idea was

to show them listening with rapt attention to
Taft.

But as the cameras clicked, they switched on
the radio and out came the voice of Robert
Nathan, CIO economist. He was praising the
President's whistle-stop speeches.

NOTE — Luck it wasn't a sound picture!

Merry-Go-Round

Wayne Morse is the only Republican for whom
Harry Truman campaigned on his "nonpolitical"
tour. At the Senator's telephoned request, the
President stopped at Baker, Oregon, and spoke
warm words of praise for the liberal Republican.
... GOP national chairman Guy Gabrielson is
not happy about the headlines Vic Johnston got
shadowing Harry Truman. Johnston is reported
to have his eyes on the national chairmanship.
... Vic Johnston, on the other hand, didn't
relish traveling with progressive Republican
Phil Willkie... Best laugh on the Truman trip
was the assignment of reporters for the Chicago
Tribune and the British Broadcasting corporation
as roommates. Leonard Miall of the BBC
asked his companion, "What would happen, old
boy, if Colonel McCormick called and I an-
swered the telephone?"... The sign on Sen.
Ed Martin's wall hit the nail right on the head
—after the Grundy machine's defeat in Penn-
sylvania. The sign read: "No man is indispens-
able." Martin, incidentally, is a Grundy lieu-
tenant.

Texas Congressman Combs
Fights the Capital
Gains Tax Reduction

By Drew Pearson

WASHINGTON, May 24 — Tall, scholarly
congressman J. M. "Judge" Combs of Texas
seldom opens his mouth unless he has something
to say. He had plenty to say behind closed
doors the other day when the Ways and Means
committee voted a big reduction in the capital-
gains tax on upper-bracket taxpayers — and it
wasn't music to his colleagues' ears.

East Germany Red Youths Are Warned

To Keep Parade and Demonstration Out Of Western Berlin

By Richard Kasishke

BERLIN, May 24 — (AP) — East Germany's blue-shirted communist youth got a warning from their own police to keep out of western Berlin on their Whit's untide demonstration march.

This put the final damper on boasts from some communist quarters that half a million young Reds—whose advance formations already were massing here—would storm all Berlin this weekend.

Eastern Berlin police told them they would find trouble—as allied authorities and Western German police already had said—if they crossed the line.

Dawn-to-Dusk Parade

The west went ahead with preparations against any kind of demonstration that might break out Sunday during the dawn-to-dusk parade.

West Berlin's 13,000 police will have quantities of tear gas bombs and special water-sputting trucks on hand. They will be backed by 7,000 to 8,000 Allied troops with guns and armor.

The warning to be orderly and not stray out of bounds was given to 50,000 youngsters already rallied here.

More special trains and 7,000 big trucks will swell the total to 500,000 by Friday, Soviet authorities said.

The warning not to venture in western Berlin in uniform was given by Waldemar Schmidt, East Berlin's "People Police" chief, before a gathering of the "Free German Youth" (FDJ).

Russians Are Agreed

Wearing of uniforms and marching under banners and other army-like trappings is forbidden in the west under four-power rules to which the Russians themselves once agreed.

Schmidt's own police organization was the object of a formal protest today in notes to Moscow by the three western allies, who contend it is an illegal army.

Schmidt told the young blueshirts they would be victims of "sabotage and provocations" if they entered western Berlin.

Reassign Four Top Officers

NORFOLK, Va., May 24—(AP) — The navy has reassigned the four top officers who were aboard the battleship Missouri when she ran aground last Jan. 17 on a sand shoal in Chesapeake bay.

Three of them — Capt. William D. Brown, Cmdr. John R. Mallett and Lt. Cmdr. Frank G. Morris, Jr. — were tried by courts martial and convicted on each charge brought against them as a result of the grounding. Each was reduced in seniority in his respective grade.

Brown, former skipper of the Big Mo, has left Norfolk to assume command of submarine group five, of the Atlantic reserve fleet, at the "mothball fleet" base of Green Cove Springs, Fla.

The former operations officer, Mallett, has been assigned to the department of defense's research and development board in Washington. Morris, former navigator, has been sent to the surface

Mayor Ernest Reuter declared: "Everybody knows that the childish idea of conquering Berlin through a march on the city, which was planned by the communists, has already failed. There will be no march on or through Western Berlin."

Gives Address To Graduates

Will Address Men's Banquet

"How to Live Your Life" was the theme of the commencement address by Dr. W. L. Perryman of Marshall, district superintendent of the Methodist church, Thursday night at the fifty-ninth annual commencement exercises of the Knob Noster High School in the school's Auditorium. The platform was decorated with baskets of iris.

Dorothy Wasson played for a prelude, "Alt Wein" by Godowsky. Wearing caps and gowns of white nylon, with white and red tassels on the caps, the graduates entered as Miss Wasson played "Pompe and Circumstance" by Elgar. The Rev. O. A. Blaylock gave the invocation. The girls glee club sang "Elfin Garden" by E. R. Larson and "The Flowers Lullaby" by Grace L. Watson, and a girls' trio, composed of Dorothy Logsdon, Marlene Austin and Faye Judd sang, "Amarillis." Dorothy Wasson was the accompanist.

Miss Rena Lay, sponsor, presented the class, and O'Bannon Marshall, president of the Board of Education, presented the diplomas. A. C. Teague, superintendent, presented the awards, and the Rev. Lloyd D. Wasson pronounced the benediction.

Mr. Teague announced Dorothy Wasson as valedictorian, Doris Faulconer as salutatorian, and Marvin Chalfant ranking third. A scholarship for one year at Central Missouri State College at Warrensburg went to Dorothy Wasson.

Mardel Emig, received a citizenship honor award for being the outstanding sophomore citizen for the Knob Noster High School. She was chosen by the students and approved by the faculty. She was sponsored by the Missouri Federation of Women's Clubs, and made the pilgrimage to Jefferson City in April.

Dorothy Wasson received a Good Citizenship certificate, having been chosen by the students and faculty for her qualities of dependability, leadership, service and patriotism to take the State American History Test, which was sponsored by the National Society of the Daughters of the American Revolution.

Mr. Teague also announced that Laura Gatschet was only absent from school one day in 12 years.

Members of the senior class were Eulette Skidmore, Doris Faulconer, Laura Gatschet, Marvin Chalfant, Dorothy Wasson, Betty Allen, Marian Ginn, Betty Lou Stevens, Margie Kile, Dorothy Logsdon, Bernard Clark and Eleanor Tuckwiller.

Will Give Recital

Mrs. Charles Patterson will present a recital at 7:30 o'clock Thursday night at the First Christian church in observance of her fiftieth anniversary of teaching music.

Field Marshal Wavell Dead

(Continued from Page One) ad on the invitation of Canadian veterans. He attracted attention at Ottawa by saying that in his opinion Germany remains a greater menace in Western Europe than Russia. He described Germany as a "convicted criminal," but observed that so far Russia had merely "committed loitering with intent."

On his return to England last winter Wavell was elected governor of the Shakespeare Memorial Theater at Stratford-on-Avon, a post he found most congenial.

But his primary interest remained in the military field.

Wavell started fighting for the King in the South African war in 1901. Later he was engaged in operations on India's northwest frontier. He lost an eye while fighting in France in the First World War.

Married in 1915 to Eugene Marie Quirk, Wavell had two daughters and a son. The son, Viscount Keren, born in 1916, will succeed to the earldom.

Surviving are the following: a brother, Oliver R. Pregge, Centralia; a niece, Mrs. Chester Long of Sedalia, niece, Mrs. Fred Schroeter of Quincy, Ill.; Mrs. Jack Showalter of Marshall; nephews, Lionel Schott of East Orange, N. J., John Robert Wagner of New Orleans. Also surviving are several great nieces and grand nephews.

The body is at the McLaughlin funeral chapel.

The funeral services will be held at 2:00 o'clock Saturday afternoon.

Interment will be in the family lot at the Crown Hill cemetery.

KANSAS CITY, May 24—(P)—

Prosecuting Attorney William F. Brown filed a larceny charge of a motor vehicle against James Nolan Elliott, 37, and Arthur Oliver Hodel, 21, both of California, Mo., Tuesday afternoon in Magistrate court.

Later in the afternoon, Sheriff Alex Nichols of Johnson county took custody of the men and took them to Johnson county for trial. Brown said charges filed in Pettis county would remain against the two men, unless identical charges were filed by the Johnson prosecutor.

The two men were arrested Monday night by Trooper Pete Stohr, in connection with an automobile they had in their possession, a 1942 Ford coach, owned by Jan Johnson of Warrensburg.

Picketing the White House

WASHINGTON, May 24—(P)—Members of Henry A. Wallace's Progressive party marched back and forth in front of the White House today with signs demanding passage of Fair Employment practices legislation.

George B. Murphy, Jr., assistant to the Progressive party's national secretary, said the members will picket daily from 11 a. m. to 5 p. m., excepting Saturdays and Sundays, until the Senate acts on the FEPC bill.

Reporters asked him why the group was picketing the White House in view of President Truman's long-time backing for FEPC and other civil rights laws.

"We consider the President's advocacy of the law purely lip service," Murphy said. "We don't think he is doing everything he can to obtain passage. He should go on the air and talk to people and exert other pressure for the bill."

Anyhow, Murphy added, District of Columbia laws forbid picketing the Senate.

GOOD NEWS
NEW BULK LAXATIVE
Now in Tablet Form

For the past few years, scientists have been experimenting with sodium carboxymethylcellulose, the active ingredient of Uni-Lax. These tests have definitely shown that this new drug will help relieve constipation.

Uni-Lax Is The Answer

Uni-Lax is a bulking substance which can be taken easily in tablet form. It is entirely harmless and non-habit forming, even when used regularly over a long period of time. Uni-Lax does not interfere with absorption of vitamins and minerals, and the action takes place in the colon, rather than the stomach or small intestine. Uni-Lax will produce the bowel movement "urge" in a dependable manner without nausea, cramps, colic, etc.

Uni-Lax softens the stools and thereby aids passage in hemorrhoid (piles) and other rectal diseases and prevents straining in aneurism, hernia and appendicitis. It contains no sugar and is therefore ideal for diabetics.

Constipation Causes

Constipation may be caused by one or several of the following: (1) Disease or obstruction in the intestines or colon. (2) Nervousness, tension and worry. (3) Lack of foods providing bulk. (4) Irregular eating habits. (5) Ignoring the natural "urge" to move the bowels when the urge occurs. (6) Failure to drink enough water. (7) The taking of harsh or habit forming laxatives too often. (8) Improper rest and lack of exercise.

All but the first of these causes can be self-corrected. Of course, in case of disease or obstruction, competent medical advice should be promptly sought.

BLACKLEG

Usually the first symptom noticed is a stiffness or lameness in the front or sometimes the hind legs with a swelling on the shoulder or hind quarters. This swelling is caused by a gas formation which is characteristic.

The disease is caused by a spore forming organism. These spores are very resistant to heat or cold and may survive for years in the soil. Since any disinfecting procedure is impractical, every calf should be protected by vaccination.

Blackleg and Malignant Edema are very similar both in their action and the causative organism.

Therefore the so-called double-treatment should be used. It only costs the user 12¢ a dose.

David Are Coming to City Friday

House of David Baseball Club Plays Sedalia Cubs

The House of David, nationally famous be-whiskered baseball team which is also noted for pepper-up exhibitions, is coming to Sedalia to play the Sedalia Cubs Friday night at 8:00 o'clock at Liberty park.

The House of David baseball club has played most of the leading semi-pro teams of the United States, colored and white, and several minor league clubs and has held its own against the best of them. It is recognized as the outstanding traveling baseball attraction and has been a large factor in building up baseball interest in many parts of the country.

Several cities with teams in organized baseball today are indirectly indebted to the House of David for keeping the game alive in their communities during the lean years. Many players now in organized baseball got their start with the Davids. Scouts follow them everywhere. Several of the David players are former league players and yet all are in good standing with organized baseball.

Played 1,693 Games

Totals for the years 1935 to 1948, excluding the war years, 1942-45, when the House of David players were either in the armed forces or working in defense plants, show that the Davids have played 1,693 games, winning 1,244 and losing 443 with five ties. They have traveled 285,000 miles by car, boat and plane and as one put it, "You do not have to join the Marines to see the world."

Last season's record was not available, but in 1948 the team played 165 games, winning 110 and losing 55. That year, they covered 28 states and the Canadian provinces of Saskatchewan, Alberta and British Columbia. Total mileage covered was 35,000 miles.

Horse Show Season Started

The horse-show season in Missouri has started, but it will reach its peak at Sedalia when the big State Fair horse show is held during the week of August 20-27. There will be six nights of horse shows and the best gaited horses, roadsters and fine-harness animals in the country will be there. Judges of light horses will be James Gilchrist of Evanston, Indiana, and Walter S. Hughes of Lansing, Michigan, while walking horse judges will be Rex Kreider of Springfield, Mo., and James Gilchrist.

Three singles, an error by Sedalia and a walk, accounted for two more Boonville runs in the fourth inning.

The Chiefs scored three runs in the seventh inning when Vilmer walked, Whitworth singled, Imhauser tripled, Ruffin doubled and Walker singled. In the ninth inning Walker got a base on balls, Holst got a single and the Lions made two errors for two Sedalia runs.

Bob Ray started on the mound for Sedalia and was relieved in the sixth inning by Bob Brown. Bodecker went the route for the Lions. Whitworth worked behind the plate for Sedalia, while Webb did the catching chores for the Lions.
